McKinney, TX Med Spa Expands Cosmetic Surgery Team

Dr. Vu Ho, facial cosmetic surgery specialist, joins Essence of Eve Day Med Spa staff

Dr. Vu Ho has joined the Essence of Eve Day Med Spa cosmetic surgery staff. The spa now has two highly-skilled and highly-trained surgeons who perform a variety of cosmetic surgeries under local anesthesia in the spa's two discreet, fully-equipped, boutique surgical suites.

“We are so excited to have Dr. Ho on our staff. He is very talented, highly-skilled, extremely ethical, and passionate about his God-given talent. He is a perfect fit for our med spa. We share the same vision and philosophies of how to help patients enhance their lives. Cosmetic surgery is more than just a medical procedure to us,” said Darla Reed Joseph, owner of the med spa, which has been in business in McKinney, TX since 2004. “We're a cosmetic surgery and cosmetic procedure power team.”

Dr. Ho's specialty is the Essence of Eve Facelift, a minimally invasive surgical facelift with minimum downtime. “The Essence of Eve Facelift-- less invasive, less down time, more private, more convenient, more results,” said Reed Joseph.

He is board-certified in Otolaryngology-Head and Neck Surgery and specializes exclusively in facial cosmetic surgery. He completed medical school and residency training at the University of Minnesota. This was followed by additional intense training through a prestigious fellowship in Facial Plastic and Reconstructive Surgery at the University of Michigan. He has been in private practice and has gained extensive experience in facial cosmetic surgery.

The surgical staff also includes Dr. Ralph Joseph, the spa's medical director, and a board-certified OB/GYN. His credentials include American Academy of Cosmetic Surgeons, American Society of Cosmetic Breast Surgeons, and American Academy of Cosmetic Gynecologists.

Dr. Ho and Dr. Joseph, who focus on results as well as patient comfort, offer a variety of cosmetic surgery options and procedures to meet patients' needs. The services include the Essence of Eve Facelift, breast augmentation, awake liposuction, Zerona™ Laser Body Contouring, neck lift and liposuction, brow/forehead lift, eyelid surgery, scar revision surgery, lip augmentation, torn earlobe repair, and laser skin resurfacing. Patients can also receive Botox and dermal fillers, such as Juvederm, Restylane, and Perlane. Another new feature is the Latisse pharmaceutical grade lash enhancement available by prescription.

Adding Dr. Ho to the surgical team is one of the many steps the med spa has taken to make cosmetic surgery much more than just a surgical procedure. The spa has enhanced its cosmetic surgery customer service by making the process easier, more convenient, more relaxing, more comfortable, and results-oriented and includes numerous amenities, including a private entrance/exit, optional town car with tinted windows, a private suite that can be used before and after surgery, and financing.

Essence of Eve Day Med Spa has been in business since 2004. The spa has received numerous awards, such as 2008 Best Spa and Salon in downtown McKinney and the best of McKinney Spas Award from the U.S. Local Business Association. The med spa recently relocated to a new location in McKinney. The spa's website is www.essenceofevespa.com.
